

The route requires significant levels of endurance and arm strength and is hard right to the last metre and is therefore only suitable for experienced, strong via ferrata route walkers.

## Altitude profile

### The most important at a glance

difficulty D/E	length 580 m	duration 2:30 h	exposition W	sea level starting point 710 m
sea level entry point 790 m	sea level highest point 975 m	access time to the entry point 20 min		
walking time descent 1 h	state: open			

**best season:** MAY, JUN, JUL, AUG, SEP, OCT

**access:**

From Galitzen Gorge car park to the entrance of Galitzen Gorge adventure park. From the cash desk follow the gorge path until the finish at the viewing platform. The entrance area is accessed by climbing over the wooden railings.

**descent:**

From the end position, the new descent route leads to the via ferrata Endorphin and via the emergency descent back down to the park area.

### Description

Alternating between variety-packed face climbing and exposed summit climbing. Looking down into the depths presents a particular challenge, with the sound of the water a constant companion.

Equipment: Full via ferrata route equipment and helmet. A complete via ferrata set can be hired for a small fee at the cash desk.

The via ferrata route is reachable at the opening times from the water park Galitzenklamm.
